Education

University of San Andres — Buenos Aires, Argentina
M.Sc., in Economics — *Expected 2026*

Pontifical Catholic University of Peru — Lima, Peru
B.A., in Economics — *2021*

Additional Training

Research Institute for Development, Growth and Economics — Montevideo, Uruguay
RIDGE Summer School in Economics — *November 2024*

Pontifical Catholic University of Peru — Lima, Peru
Applied Microeconometrics Workshop - Cesar Huaroto — *January 2020 – February 2020*

Publications

Revisiting the Long-Term Effects of Political Violence on Human Capital Accumulation in Peru
Cesar A. Huaroto, Fredy Gonzales, Alexander Pacheco
Journal of Human Resources Mar 2026, 0623-12973R6; DOI: 10.3368/jhr.0623-12973R6

Research Reports

Evaluating the "Agro-Export Boom" on Peru's Coast
César Huaroto, Claudia Torres, Alexander Pacheco
CIES Research Report (Proyecto Breve), 2024. Winner, XXVIII Annual Research Competition.

Experience

External Consultant — November 2024 – December 2025
CAF - Development Bank of Latin America and the Caribbean — *PhD. Verónica Frisancho*

- Supported the analysis of a randomized evaluation of school-based financial education in Peru, examining debt and repayment outcomes in adulthood. Coordinated dataset construction and regressions with SBS researchers, prepared tables, and drafted paper sections.
- Supported the analysis of a randomized evaluation with Peru's Ministry of Education, examining whether messages to parents about the Beca 18 scholarship programme affected students' grades and scholarship applications.
- Linked administrative birth records with weather data to estimate the effects of extreme heat and cold on neonatal health outcomes, using Stata, R, Python, and QGIS.

External Consultant — June 2024 – September 2024
Environmental Assessment and Enforcement Agency (OEFA)

- Designed and developed a chatbot in Python as the treatment component of a randomized controlled trial (RCT) to promote use of ERA Emergencias, OEFA's app for reporting environmental emergencies.

Research Assistant — January 2024 – June 2024
PhD. Cesar Huaroto

- Provided research assistance on two papers on the historical determinants of indigenous identity in Peru, using quasi-experimental methods such as spatial regression discontinuity designs.
- Built and cleaned datasets, ran regressions, and produced tables and figures.

Research Assistant — June 2023 – July 2023
University of Virginia — *PhD. Christopher Carter*

- Digitized and built a dataset of registered voters in Peru's 1895 elections from historical documents.

Research Assistant — June 2022 – February 2023
Pontifical Catholic University of Chile — *PhD. Miriam Artiles*

- Built a dataset of tribute payers by jurisdiction in Peru for the 18th and 19th centuries, using Python to convert scanned historical archives into structured data.
- Cleaned the data and harmonized historical jurisdictions to 2017 district codes (ubigeos).

Research Assistant April 2022 – June 2022

Burga, R., Huaroto, C. and Redroban, S

- Contributed to a project estimating the effect of school closures in Ecuador on school lag.

Research Assistant July 2021 – January 2022

Pontifical Catholic University of Chile *PhD. Cesar Huaroto*

- Collected Peruvian census data from 1876 onward, digitizing historical records up to the 1972 census, and harmonized them to 2017 district boundaries.
- Contributed to a paper estimating the effects of the 2007 earthquake on housing quality.

Research Assistant February 2020 – March 2020

International Psychoanalytical Association *Lic. Liz Coronel*

- Contributed to an exploratory study using the Young Lives longitudinal survey.

Work in Progress

Civil Conflict Effects on Political Competition: Evidence from Peru
With Christopher Carter

Research Interests

Education, Applied Microeconomics, Development Economics, Economic History, and Political Economy

Grants

Consorcio de Investigación Económica y Social (CIES), XXVIII Concurso Anual de Investigación (with Cesar Huaroto and Claudia Torres), 2023

Presentations

2023 Annual Congress of the Peruvian Association of Economics. *Trujillo, Peru.*
2024 Annual Congress of the Peruvian Association of Economics. *Lima, Peru.*

Technical Skills

Quantitative methods: Applied microeconometrics, including DiD, event studies, IV, regression discontinuity (including spatial designs), and RCT analysis.
Software: Stata, R, Python, QGIS.
Research writing and presentation: LaTeX for research proposals, written documents, tables, and presentations.
Data management: Integration of administrative, survey, historical, and geographic data; data cleaning, quality assurance, and reproducible workflows.
Machine learning and NLP: Coursework in supervised and unsupervised learning and natural language processing, with research applications during undergraduate and graduate studies.
Languages: Spanish (native), English (advanced).
